# ABOUT COMPANY

---

Vidya Pipe Udyog is the fastest-growing manufacturer based in Maharashtra, India. We specialize in the production of various types of pipes and fittings, including Sanitary Pipes, Corrugated Pipes, uPVC Pipes and Fittings, Plumbing Pipes and Fittings, Electrical Pipes and Fittings, Bib Cock, PTMT, and Floor Taps. Our products are marketed under the brand name "Ocean."

Our company's primary objective is to establish new trends in the piping industry and cater to the evolving needs of customers in water management across various sectors. We aim to provide high-quality solutions for water distribution and drainage systems in the housing, automobile, sanitary, telephone, infrastructure, agricultural, and industrial sectors.

To ensure the superior quality of our products, we use the finest raw materials in the manufacturing process. All our products undergo rigorous quality tests to meet international standards. As a testament to our commitment to quality, we have obtained ISO certifications.

We believe in continuous improvement and knowledge enhancement. Therefore, we provide regular training to our staff to keep them updated on new machinery and innovations in plumbing. This allows us to deliver a user-friendly system that ensures long-lasting performance and manageable costs. With our reliable products and services, we strive to provide complete peace of mind for our customers and the organization as a whole.

## Our Capabilities

Our capabilities at Vidya Pipe Udyog reflect our commitment to providing exceptional products and services. Here's a glimpse of what sets us apart:

At Vidya Pipe Udyog, our capabilities combine expertise, quality, and customer-centricity to deliver reliable, innovative piping solutions that meet and exceed expectations.

- Extensive Product Range
- High-Quality Manufacturing
- Technological Advancements
- Customized Solutions
- Reliable Performance
- Exceptional Customer Service

# WE HAVE EXPERIENCE

With over 10 years of experience in the piping industry, Vidya Pipe Udyog has established itself as a trusted manufacturer and provider of high-quality pipes and fittings. Our expertise spans various residential, commercial, industrial, and agricultural sectors. We have developed a deep understanding of customer needs and industry requirements through continuous innovation and staying up-to-date with the latest advancements. Our experience allows us to deliver reliable and efficient solutions, ensuring long-lasting performance and meeting the evolving demands of water management in diverse applications.

# OUR VISION

---

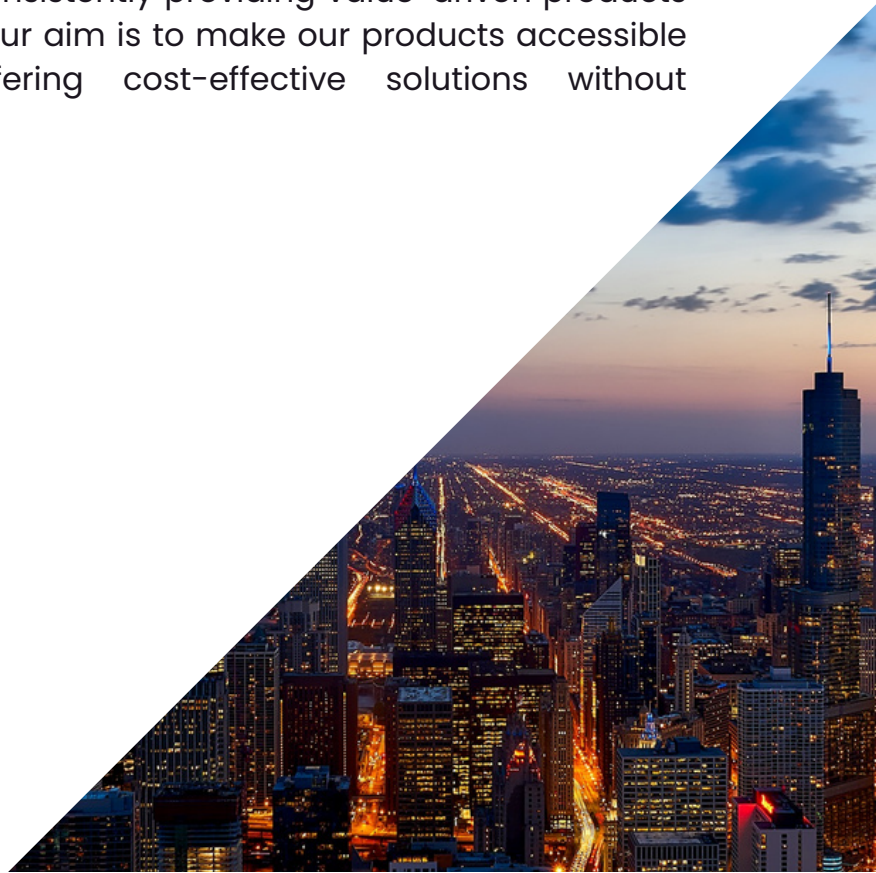

Our vision at Vidya Pipe Udyog is to become the leading global enterprise in the manufacturing of pipes and fittings. We strive to be recognized as an innovative and high-performance organization, setting new standards in the industry. Through our commitment to excellence, we aim to provide superior products and solutions that cater to the evolving needs of our customers worldwide.

# OUR MISSION

---

Our mission at Vidya Pipe Udyog is to deliver innovative and high-quality pipes and fittings, ensuring the utmost confidence and satisfaction for our customers. We are dedicated to consistently providing value-driven products that meet the highest standards. Our aim is to make our products accessible both locally and globally, offering cost-effective solutions without compromising on quality.

# OUR CERTIFICATIONS

Our company proudly holds essential certifications, showcasing our commitment to quality and compliance. We are registered under GST, Udyam, for MSME recognition, and we hold ISO 9001:2015 for maintaining stringent quality standards. Additionally, our dedication to environmental responsibility is reflected in our ISO 14001:2015 certification, demonstrating our efforts toward sustainable practices. These certifications reaffirm our reliability, ensuring our customers receive superior products and services while adhering to industry regulations.

# OUR PRODUCT RANGE

We are a leading manufacturer specializing in a wide range of products, including Corrugated Pipe, uPVC, and SWR Pipes & Fittings, Electrical Conduit Pipe & Fittings, as well as Sanitary Fittings like Bib Cock, PTMT, Floor Tap, Waste Pipe, and Washing Machine Outlet Pipe. Our products are designed to meet various plumbing needs, ensuring durability, functionality, and hygiene in residential, commercial, and industrial applications.

## **Our product verticals encompass a wide range of piping solutions:**

Corrugated Plastic Pipes

uPVC Pipes & Fittings

SWR & Agricultural Pipes

Electrical Conduit Pipes  
& Fittings

Sanitary Fittings

# CORRUGATED PLASTIC PIPES

Also Known as “Washing Machine Pipes and Waste Pipes”

Corrugated plastic pipes are made from high-density polyethylene (HDPE) or polypropylene (PP) materials, which provide excellent strength, flexibility, and corrosion resistance. These pipes have a distinctive corrugated structure, allowing them to withstand external pressure, soil movement, and various environmental conditions.

## AVAILABLE PIPE RANGE

### Waste Pipe

Weight – 80 Grams, 110 Grams, 120 Grams  
Length – 32 Inch

### Washing Machine Outlet

Length – 1 Meter, 1.5 Meter, 2 Meter, 3 Meter

## PRODUCTS AVAILABLE

Regular Waste Pipe

Heavy Waste Pipe

Washing Machine Outlet

Electrical Flexible Pipe

## APPLICATIONS OF CORRUGATED PLASTIC PIPES

Regular Waste Pipe

Automobile Industry

Sanitary Fittings

## UPVC PIPES & FITTINGS

uPVC pipes have gained popularity for various day-to-day applications due to their low-maintenance nature, odourless and tasteless material, ensuring natural performance and durability. In the past, metal pipes were commonly used for water transportation, but their susceptibility to rust and corrosion made them less ideal for plumbing applications. PVC pipe manufacturers introduced uPVC (Unplasticized Polyvinyl Chloride) pipes as a solution.

### AVAILABLE RANGE

**PIPES : SCH-40**  
1/2" TO 4"

**FITTINGS : SCH-80**  
1/2" TO 2"

## SWR & AGRICULTURAL PIPES

Agricultural pipes are specifically designed for underground pressurized applications and are not UV stabilized. On the other hand, SWR (Soil, Waste, and Rainwater) pipes are commonly exposed to sunlight and therefore are UV stabilized to ensure a longer lifespan.

Agricultural Pipes are specifically designed for underground pressurized applications and do not require UV stabilization. On the other hand, SWR Pipes are primarily exposed to sunlight and are UV stabilized to ensure a longer lifespan.
